

# Kern County General Plan Update

The County of Kern invites you to attend workshops to provide you with information regarding the General Plan Update process. Your participation will help identify community needs and priorities. **Please join us and share your vision of the future of Kern County and your concerns.**

We are reaching out to you, private individual, business owners, organizations, agencies, and interested stakeholders to provide input and share thoughts and visions for Kern County's future.

If you would like to receive updates and information throughout the process visit our website:
